SUMMARY

Entry-level MCA graduate with strong analytical skills and hands-on experience in Python, SQL, and Power BI. Proficient in data cleaning, exploratory data analysis (EDA), database querying, and dashboard creation. Seeking a Data Analyst role to deliver data-driven insights and support informed business decision-making.

EDUCATION

Master of Computer Applications (MCA) 2023 – 2025
New Horizon College of Engineering, Bengaluru 7.14 CGPA

TECHNICAL SKILLS

Programming & Analysis: MS Excel, SQL, MySQL, Data Management, Power BI
Data Analysis: Data Cleaning, EDA, Data Validation
Data Visualization: Power BI, Matplotlib, Seaborn
Databases: MySQL, MongoDB
Tools: Excel, Git, VS Code
Practices: SDLC, Agile & Waterfall

PROFESSIONAL EXPERIENCE

Full Stack Development Intern | Dotch Endeavors Pvt. Ltd. | Flexi Leave – Smart Leave Tracking System | Apr 2025 – Jul 2025

- Developed UI using HTML, CSS & JavaScript for employee dashboard, leave application, leave history, admin dashboard, and master data management screens.
- Built backend using PHP & MySQL for authentication, leave requests, approvals, leave balance tracking, and admin control of employees and leave policies.
- Enhanced performance through optimized SQL queries, streamlined workflows, and a responsive, user-friendly interface.
- Tech: HTML, CSS, JavaScript, PHP, MySQL

ACADEMIC PROJECT

SOP - CUSTOMER INQUIRY HANDLING | Mini Project

- Developed customer registration, login, inquiry submission, and department assignment modules using Java Swing.
- Implemented MySQL database for managing customers, inquiries, admin data, and department records.
- Designed complete DB schema and integrated JDBC for CRUD operations across all modules.
- Built admin and department panels for tracking inquiry status (Pending → In-Progress → Completed).
- Tested end-to-end workflow with structured test cases for reliability and smooth system operation.
- Tech: Java, Java Swing, JDBC, MySQL

PUBLICATIONS

AI-Driven Predictive Auto-Scaling for Efficient Microservices Deployment in Cloud Data Centers using LSTM and Kubernetes HPA
Presented at the 5th International Conference on Expert Clouds and Applications (ICOECA 2025).

CERTIFICATION

NPTEL: The Joy of Computing Using Python

STRENGTHS

- Self-motivated and willing to learn new technologies
- Good time management with the ability to meet deadlines
